Why Choose this Training Course?

This course encourages delegates to consider their current personal traits, habits and behaviours before enabling them to build a repertoire of skills that, when applied, will help them to become more effective and achieve more through building better relationships at work.

Delegates will understand during this course that what is important is not what happens to them, but what happens inside them, in other words how they learn to respond outwardly to situations through the control of inner reaction and thoughts. Successful people in business are able to apply discipline to their life and their actions. Understanding your interpersonal skills and professional effectiveness is a major key to success.

This course will feature:

- The importance of thinking patterns and how thought precedes all action
- Self-image empowerment and building higher levels of self-confidence
- The application of personal development theories and practices
- How attitude can affect performance and how to develop a more positive attitude
- How creativity and imagination can be useful in becoming more effective at work

What are the Goals?

By the end of this course, participants will be able to:

- Understand and develop personal and interpersonal effectiveness
- Identify ways to move from negative thought patterns to positive and motivating patterns
- Understand how to become more disciplined and personally effective
- Demonstrate the factors which may empower or disempower ourselves and others
- Understand how to release new drive and motivation in their lives and working environment

Who is this Training Course for?

This course is suitable to a wide range of professionals but will greatly benefit:

- Delegates who want to achieve more through becoming more effective
- Managers who are being prepared for promotion or higher levels of responsibility
- Delegates who may be considering new projects or additional assignments
- Managers who are looking to refresh their skills when working with others
- Leaders who need to communicate vision more effectively for better results

How will this Training Course be Presented?

This course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented. The course provides input based on popular published works. It uses tools and questionnaires to encourage delegates to learn about their own traits and responses to situations before encouraging them to apply new techniques to enhance their effectiveness. It is highly participative with interactive exercises throughout.
