Why Choose this Training Course?

Every successful industry is in agreement that attracting, retaining and fully utilising talented staff is a key management function – but how to do it? This practical course will show delegates not only what's needed but also how to make it happen so that you can gain strategic advantage through new approaches in knowledge management.

Specifically this course will feature:

- Ways you can significantly improve your recruitment to attract and select higher calibre staff
- Be able to use a differentiation to promote and encourage employees to perform better
- New approaches to achieve retention of high performing staff
- How to demonstrate the value of knowledge management in our industry in financial terms
- Improvement in ways of promoting and managing succession planning

What are the Goals?

At the end of this training course delegates will be able to:

- Take action to improve significantly the recruitment and attraction process.
- Analyse & demonstrate how differentiation can significantly improve retention & motivation of high performing employees.
- Explain to others the advantages of profiling, testing & assessment centres for successful succession planning.
- Use a technique to measure & evaluate the best optimal size for any department in the organisation.
- Select through differentiation how training resources should be directed to get maximum organisational benefit.

Who is this Training Course for?

This course would be of maximum benefit for anyone who has responsibility for performance through people – specifically:

- Managers responsible for performance through people
- HR Managers
- Those responsible for the motivation of employees
- Succession planners
- Those responsible for organisational change
- Financial controllers

How will this Training Course be Presented?

This course will utilise a variety of proven adult learning techniques to ensure maximum understanding, comprehension and retention of the information presented.

These techniques include, use of case studies, use of DVD clips to illustrate key points and extensive use of group work and presentations. All achieved in a friendly and supported environment. A world-class expert in this topic will deliver this course.
