Why Choose this Training Course?

This course will enlighten professionals in finding a way to translate strategic objectives and intentions into operational components, plans, procedures, and systems that enable the successful execution of the strategy by front-line managers and employees. The key is to create the conditions for success.

Coming up with a great strategy is one thing, but actually implementing it to get the expected results is quite another. This is why the real challenge in strategy is in execution. Professionals require the skills and competencies to go from strategy formulation to day-to-day tactical execution while ensuring the achievement of results that align with the strategy.

This course will feature:

- The essential differences and commonalities of strategy and tactics
- Operational level campaign planning, the techniques and processes for creating the organisation, structure, systems, human capital, and other resources to support the tactical front-line in achieving success in alignment with the strategy and strategic objectives
- Measuring progress and results and comparing them to objectives at the strategic, operational, and tactical levels
- Fundamentals of planning, execution, and progress/results measurement
- Nested hierarchical planning, mission analysis, and mission leadership

What are the Goals?

By the end of this course, participants will be able to:

- Understand and apply the Planning and Execution Framework
- Develop and communicate strategic vision, mission, and intent
- Understand how to turn strategy into actionable, operational plans
- Set the conditions for successful execution of strategy and plans by creating optimal support structures, systems and processes
- Execute on the plans and lead tactically in the face of obstacles and challenges

Who is this Training Course for?

Executives, Entrepreneurs, and Managers who must develop and execute excellent strategy in highly demanding, competitive conditions are encouraged to attend to this course.

This course is suitable to a wide range of professionals but will greatly benefit:
